Charter Futures for South Africa Vishwas Satgar, Jane Cherry, Awande Buthelezi, 2023-06-14 The world's first Climate Justice Charter emerged out of campaigning by the South African Food Sovereignty Campaign and Cooperative and Policy Alternative Centre during the recent drought 2014-2021 in South Africa. It was developed in dialogue with drought-affected communities, labour unions, social justice and environmental justice organisations, faith-based communities, youth and children, climate scientists and climate justice activists. Moreover, it translated climate justice ideas part of global struggles for the past two decades for frontline struggles in the country. This book focuses on South Africa but captures the dilemma of all Africa and the Global South. It lays bare the climate injustice and polycrisis in the world, the resilience of the peoples and the intergenerational crimes committed by perpetrators. We are slipping beyond injury time at the precipice. Read this book, share the message and join forces to chart the way to life and sanity. Nnimmo Bassey

Contemporary Portugal Lawrence S. Graham, Harry M. Makler, 2014-07-03 Despite worldwide interest in the Portuguese Revolution of 1974, Portugal remained for most people a little-known and poorly understood country neglected for years by social scientists. Editors Graham and Makler brought together for the first time in one substantive volume most of the leading social science experts on Portugal. The contributors' highly original research represents the best work generated by the International Conference Group on Modern Portugal at its two major conferences held in 1973 and 1976. The result is a comprehensive collection of essays discussing in detail the events leading up to the revolution, the causes of the military coup and the movement of a society on the brink of revolutionary upheaval toward open democratic parliamentary elections.
