National Stockman and Farmer ,1905 **Grow Your Own Fruit and Vegetables** Lawrence D. Hills,2011-10-06 Grow Your Own Fruit and Vegetables is Lawrence D Hills s ground breaking book on all aspects of fruit and vegetable growing It was widely praised on its publication and remains a classic text in the world of organic gardening Its great merit is that one feels that every operation described has been personally carried out by the author and selected as the most satisfactory after due consideration of traditional methods The treatment of each plant is described from start to finish with sense relish and humour there are many fascinating analyses of vitamin and mineral contents and nutritional values of different vegetables and fruits and there is excellent advice on picking harvesting as well as on cooking it is the best practical guide to the subject that has appeared for years and the author is not concerned with argument or philosophy only with growing produce well Country Life There is no better guide to non chemical gardening than Lawrence D Hills He is exceptionally well read and a good practical gardener into the bargain not a very common combination and no doubt because of his wide ranging knowledge he is more balanced in his views than some advocates of all organic gardening Where I find Mr Hills most stimulating is in his highly personal approach to fruit and vegetable varieties and his recommendations based on such commercially unfashionable criteria as flavour and food value There is a wealth of information here which would be difficult to find in any other single book A G L Hellyer in the Financial Times **Better Homes and Gardens** ,1929 **The Progressive Grocer** Carl William Dipman,1958 Vols for 1979 include annual report of the grocery industry **Garden Life** ,1915 **Gardening** ,1913 **The Purdue Agriculturist** ,1929 Purdue University Agriculture Annual Report ,1929 *Purdue Agriculturist* ,1928 The Country Gentleman ,1856 A journal for the farm the garden and the fireside devoted to improvement in agriculture horticulture and rural taste to elevation in mental moral and social character and the spread of useful knowledge and current news **Moore's Rural New-Yorker** ,1905
