✓ Exclusively available on IvyPanda

Both the artist's and the audience's political, religious, and social opinions are expressed via art. Since art is expensive, governments and churches are typically the only groups that can afford it. Political satire can oftentimes be risky territory for artists, particularly for those who reside under oppressive regimes. This paper focuses on exploring contemporary art as an example of social commentary using examples from Chapter 22.

Art frequently expresses the political, religious, or social beliefs of both the creator and the audience. Governments and religions are frequently the only groups that can afford art since it is expensive. Additionally, governments and churches utilize art as a means of expressing who they are, what they believe, and what they want other people to think because they want to have the most impact possible. Additionally, it's common for artists to wish to express strongly held opinions through their work. This presentation could have thousands of slides and still not come close to providing a complete review of the political, religious, and social art that is currently available. Various are only a few instances of how art has been applied to these circumstances.

According to Chapter 22 of the textbook, after World War II, the Nuclear Arms Race began, which was unimaginable to the artists who turned to satire to express their dread and disdain for contemporary conflict. A prominent example of this is found in Stanley Kubrick's film *Dr. Strangelove or: How I Learned to Stop Worrying and Love the Bomb*, which was inspired by the concept of "mutually assured destruction" (MAD) (Chapter 22 Art). Thus, artists after World War II used their talent to show a social commentary on the events.

As noted in Chapter 22, "the true artist can articulate a vision of what humanity can trust. In the midst of alienation, the artist can bring community, and in the midst of ugliness, beauty. The artist, in short, acts not only as a voice of protest but also as a voice of hope" ("Chapter 22 Overview"). For many years, the situation of politics and society has been the subject of artistic commentary. Artists have remarked both directly and subversively on everything from vanity and excess to corruption and greed through
