If you want peace, prepare for war François-Régis Legrier, 2024-07-08 This book is first of all an essay of political philosophy This book is clear straightforward and comprehensive It truly addresses the issue announced in the title At the heart of this book is a comprehensive exposition of classic Just War doctrine going back to St Augustine of Hippo and St Thomas Aquinas with a strong argument that these ancient principles have stood the test of time and should still be determinant of the ethics of warfare Starting from the postulate that preparing for war is the primary function of politics and combining the reflection of the officer and the Christian his ambition is to make people rediscover the Christian principles which should guide political action on the subject of war

The Constructive Quarterly, 1920

The Burning Bush Vladimir Solovyov, 2016-08-21 Vladimir Solovyov one of nineteenth century Russia's greatest Christian philosophers was renowned as the leading defender of Jewish civil rights in tsarist Russia in the 1880s The Burning Bush Writings on Jews and Judaism presents an annotated translation of Solovyov's complete oeuvre on the Jewish question elucidating his terminology and identifying his references to persons places and texts especially from biblical and rabbinic writings Many texts are provided in English translation by Gregory Yuri Glazov for the first time including Solovyov's obituary for Joseph Rabinovitch a pioneer of modern Messianic Judaism and his letter in the London Times of 1890 advocating for greater Jewish civil rights in Russia printed alongside a similar petition by Cardinal Manning Glazov's introduction presents a summary of Solovyov's life explains how the texts in this collection were chosen and provides a survey of Russian Jewish history to help the reader understand the context and evaluate the significance of Solovyov's work In his extensive commentary in Part II which draws on key memoirs from family and friends Glazov paints a rich portrait of Solovyov's encounters with Jews and Judaism and of the religious philosophical ideas that he both brought to and derived from those encounters The Burning Bush explains why Jews posthumously accorded Solovyov the accolade of a righteous gentile and why his ecumenical hopes and struggles to reconcile Judaism and Christianity and persuade secular authorities to respect conscience and religious freedom still bear prophetic vitality

Le bien justifié : Une lecture contemporaine de la synthèse philosophico-juridique de Vladimir... Athanase Giocas, 2016-11-17T00:00:00-05:00 M me si Vladimir S Soloviev 1853 1900 est considéré comme le plus grand philosophe russe de tous les temps cet ouvrage représente une étude secondaire et interdisciplinaire complètement inédite en Occident même parmi les études qui sont offertes en anglais Dans la pensée russe c'est seulement avec Soloviev que le droit cessa d'être un sujet spécialisé dans le domaine de l'administration ne concernant guère les grands enjeux de société et devint intimement lié au développement même de la philosophie morale et sociale Soloviev nous fournit ainsi plusieurs voies innovatrices dans le façonnement de la relation tant théorique que pratique

entre le droit et la religion qui peuvent être utilement mises en dialogue avec des auteurs contemporains comme Charles Taylor, Ronald Dworkin et Jürgen Habermas

A Philosophy of Hope Bernard N. Schumacher, 2003 Schumacher looks at hope as a virtue one opposed by vices such as despair and presumption particularly as they are treated in existentialism and Marxism He also explores Pieper's treatment of hope in relation to the ideas of death and immortality and in the philosophy of history Using the idea of hope to examine such themes as dignity ethics the good and the just Schumacher provides a valuable wide ranging introduction to a shaper of contemporary Christian thought against a richly drawn intellectual background

BOOK JACKET *Embracing Desire* Louis Roy, 2019-07-10 In this book Louis Roy criticizes two different attitudes concerning our desires either we are wary of our desires because of their potentially negative effects or we try to satisfy as many of them as we can Both attitudes focus on desires without examining the issue of desire The solution is neither to suspect nor to multiply our various desires but rather to intensify desire Once desire has intensified we can accept our desires and identify some of them as priorities for us to fulfill We will then proceed not only with motivation but also with detachment and therein lies the key to happiness Any human being wishes to be granted personal value as a unique individual worthy of respect And we long to be desired by the person or persons we desire Moreover because of our infinitude we are able to wonder if an infinite being whom we respect without reserve can find us desirable The author explores this basic concern and describes the relationship of mutual desire between Jesus and his first disciples Thus this book will appeal to educated readers interested in spirituality psychology literature catechesis and pastoral ministry
